REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chesterfield, N. H.:

I have the privilege of submitting for your consideration my first annual report.

At the annual school meeting, Chesterfield voted for supervision and the district of Hinsdale, Chesterfield and Frances-town was formed July 20, 1918.

This district is one of magnificent distances, but your superintendent has been able to cover it, owing to a mild, open season.

Schools opened Sept. 4, with the following teachers: Chesterfield grammar, Miss Pearl Belonga; primary, Miss Alice L. Lord; West Chesterfield grammar, Miss Margaret Campbell; primary, Miss Ruth E. Grimes; Spofford, Miss Ethel Whippie. Miss Whippie resigned at Christmas, and Miss Doris E. Baker was elected to fill the vacancy. We were fortunate to secure good teachers and to have few changes.

The epidemic has interrupted the sessions but the time has been made up.

The hearts of all were saddened by the sudden death of Mrs. Mabel C. Spaulding, who served on the school board for over ten years. Mrs. Charlotte S. Higgins has efficiently taken her place.

Mr. Nathan Puffer, who served the Spofford school faithfully for years, resigned and we were fortunate in securing Mrs. C. D. York to fill out his unexpired term.

The new educational law will affect Chesterfield more in regard to the length of the school year than in any other way.

Your last school year averaged thirty-one weeks. The new law requires thirty-six weeks. In no other way can your schools be improved more than by lengthening the school year.

You have good equipment, and a good teaching force, but you cannot accomplish in five or six weeks less time, what surrounding towns are doing. An editorial writer, commenting on the situation in Russia says, "This immense country rich in natural resources above the imagination of man, is torn asunder because of the lack of education. It is education that has made our land what it is; has kept it from incessant revolution, and has made it a leader of the world."

The committee, acting upon suggestions of State Deputy Pringle, when he inspected your schools Sept. 26, has improved the sanitary conditions at Spofford.

I recommend the same improvements be made at the other school buildings.

Your superintendent has made no radical changes and has introduced very few new text books, for he realizes your town has had the additional expense of supervision, but his visits tend to harmonize the widely separated sections of your town and he trusts this work may continue until the value and good results may be clearly seen.

He wishes to express his appreciation of the hearty co-operation of the School Board, and the citizens of Chesterfield.

Respectfully submitted,

GEORGE O. SMITH.
